

Landlords / Property Managers:

If you have apartments or rooms for rent, our service can help you!

Our **FREE service** to both landlords and clients provides referrals and assistance to available apartment units.

The London Housing Registry focuses on households who are in housing crisis and or homeless such as the working poor, households in receipt of employment insurance, pensioners, immigrants, ontario works, ontario disability support program, senior citizens and youth (including high school students).

We interview and match potential tenants to your requirements and only refer them based on what you're looking. Some of the things we screen for are: credit check, reputable references, co-signer, first and last month rent and drugs/alcohol.

Contact the London Housing Registry at (519) 434-3344 for more information.

Do you qualify?

Market Rents:

Room:	\$350-400
